## **Quarantine Digests: What To Expect**

## Why do I receive a quarantine digest?

Your organisation has implemented Mesh's email security platform to protect against threats and spam. To ensure we don't incorrectly block an email you need, a tiny fraction of your email will end up in quarantine. These emails will be shown in quarantine digests.

## How often will I receive a quarantine digest?

The frequency is set by your administrator. Regardless of frequency, digests will only be sent if there has been an email quarantined since your last digest.

## How long are emails held in quarantine?

personal allow/block rules.

Emails are quarantined for 28 days after which they are automatically deleted.
